Danalock App privacy policy

This privacy policy governs your use of the software application "danalock App" for mobile devices that is created by Poly-control aps. The Application controls the use of the electronic doorlocking device Danalock, and only works with iPhone 4s / Android 4,4 or newer smartphones with Bluetooth Smart or Z-wave Technology.

User Provided Information

The Application obtains the information you provide when you download and register the Application. Registration with us is mandatory in order to be able to use the basic features of the Application. When you register with us and use the Application, you generally provide (a) your name, email address, age, user name, password and other registration information; (b) information you provide us when you contact us for help (c) information you enter into our system when using the Application, such as names, addresses and location of home. In addition, the Application may collect certain information automatically, including, but not limited to, the type of mobile device you use, your mobile devices unique device ID, the IP address of your mobile device, your mobile operating system, the type of mobile Internet browsers you use, and information about the way you use the Application.

Data retention policy
managing your information

We will retain User Provided data for as long as you use the Application and associated domain. You have full control and right to delete all the provided data in App and on the domain whenever you want to do so.

Children

We do not use the Application to solicit data from or market to children.

Security

We are concerned about safeguarding the confidentiality of your information. We provide physical, electronic, and procedural safeguards to protect information we process and maintain. We limit access to this information to authorized employees who need to know that information in order to help and guide you, or to operate, develop or improve our Application. The Danalock uses highly secure encrypted data transfer, like that used in electronic banking etc.. Every bit and byte is double encrypted to keep you safe. Your keys are also protected with a personal log in. This log in can be paired with one particular phone, making it possible only to log in from that phone.

Changes

This Privacy Policy may be updated from time to time for any reason. We will notify you of any changes to our Privacy Policy by posting the new Privacy Policy on our website: www.danalock.com/ Privacy Policy. You are advised to consult this Privacy Policy regularly for any changes, as continued use is deemed approval of all changes.

Your Consent

By using the Application, you are consenting to our processing of your information as set forth in this Privacy Policy now and as amended by us. "Processing," means using cookies on a computer/hand held device or using or touching information in any way, including, but not limited to, collecting, storing, deleting, using, combining and disclosing information, all of which activities will take place in Scandinavia, Europe, Middle East, Asia and United States.

Contact us

If you have any questions regarding privacy while using the Application, or have questions about our practices, please contact us via email at mail@danalock.com
